OBJECTIVES

by

 25X1A9a

- a. Some objectives which seem to be served by an implementation of the consultants recommendation (T. F. No. 16 are:
- (1) To end compartmentation said to be causing duplication and waste.
 - (2) To improve the amount and quality of service rendered by centralizing the reference function.
 - (3) To improve quality of direction by centralization of control, believed to result in efficiency and economy in standardization of retrieval mechanisms.
